PRODUCT DATA SHEET

Product Name:	Lock Alarm Mini

Product Code:	2770CSA

Weight:	0.1 kg

Dimensions:	8.5 cm x 6 cm x 2.5 cm

Description

A retractable cable lock with alarm suitable for securing valuable items from theft. **When an attempt is made to cut through the steel cable a 100 Decibel siren starts screaming**. Using the computer slot adapter (included) it can also be used to secure a laptop computer from theft. In addition, the Lock Alarm Mini has a movement sensor feature. If this is set then the alarm will also sound if the lock is disturbed by someone. A time delay enables the user to lock/unlock before the alarm activates. The 3 digit combination lock means no keys are necessary. The combination can be easily programmed by the user to a memorable code of their choosing.

Features

• Small portable size - 8.5 x 6 x 2.5cm
• Ultra hard steel cable extends up to 60cm in length (2mm diameter)
• Cable is plastic coated to avoid scratches to possessions
• Flashing LED   • 100 Decibel Alarm
• 3 digit 'programmable' combination code
• Award winning patented technology to detect when the cable is being cut or the lock is forced
• Movement sensor can be set so the alarm will also sound if the lock is moved
• Secures a laptop computer using the computer slot adapter
• Requires 4 x LR44 (1.5 volt) batteries - fit inside a tamper proof compartment

Components	Materials
1 x Lock Alarm unit	High Tensile Steel
1 x Laptop Computer Security Slot Adapter	Polypropylene with glass fibre
4 x LR44 Button-cell batteries	Nylon
	ABS
	Mild Steel
	PCB with electronics components

Certifications:	CE, RoHs and REACH

Technical Data

Operating Temperature: -20ºC to + 55ºC
Power Supply: 4 x LR44 Button-Cell style batteries
Battery Life (standby): approximately 3 months
