UWater Triple-Axis Action Waterproof Earphones (Pink)

100% Waterproof & Sweatproof

Swim/Dive/Snorkel/Surf/Ski/Kayak/Sweat/Shower/Jog/Run

Developed for active lifestyles, the Triple-Axis action waterproof earphones provide enhanced audio experience for all fitness/outdoor activities plus a stable & comfortable over-the-ear mounting and speaker positioning system rotating around 3 axis for ideal fit. With its nickel plated 3.5mm jack system, it is the perfect accessory to be used with all audio devices. The Triple-Axis Action earphones are 100% waterproof, provide superb sound quality, extended bass range, include a state-of-the-art 10mm Neodymium driver, and three sets of comfortable 100% waterproof silicon earbuds in various sizes. Certified to 10FT (3M) underwater.

Since 1996 our waterproof audio Technologies (WAT) were featured in the New York Times, LA Times, Men's Health (Europe), Swim World, Fitness Swimmer, Triathlete Magazine, CNET, as well as many other publications (see "UWater in the media"). Also endorsed by the US National Sporting Goods Association. Introduced at 2014 CES. Designed in the USA. Patent Pending.
