

Connects Wirelessly, Controls Seamlessly

Pair your phone to SmartShaker™ wirelessly and set your alarm with the easy-to-use app. Bluetooth® Smart allows you to set up SmartShaker™ with your phone from up to 30 feet away

The latest in Bluetooth® wireless technology, Bluetooth® Smart is incredibly energy efficient and minimizes power consumption, allowing devices to be used for a longer span of time.

Shake Up Your Mornings

Get up on time without hurting your ears and waking your spouse or roommate. The vibration from SmartShaker™ will wake you up without disturbing anyone else in the room.

Multiple Alarm Options

Wake up the way you want to. Using the SmartShaker™ app you can choose to wake to vibration only, alarm tone only or a combination of both.

Long Battery Life

The robust rechargeable battery inside SmartShaker™ allows it to be used for up to a month. When the battery is low, just recharge it with the included Micro USB cable.

Lightweight

So slim, compact and lightweight you can sleep with it comfortably under your pillow.

SmartShaker™

Wireless Alarm Controlled By Your Smartphone | SMASHAKER
