

# All-in-1 Wireless Charging Dock for Apple Devices

PowerState

Black

Gold

Grey

Charge and display your Apple Watch and iPhone simultaneously with this 4-in-1 Powerstate Charging Dock for Apple devices. With a Magnetic Charging Module for the Apple Watch built into the dock, your Apple Watch aligns magnetically and begins charging instantly. PowerState features a wireless charger that can charge any wireless charging enabled device. The dock also features a Apple MFi certified built-in Lightning connector to charge your iPhone, that can be adjusted to fit almost any case. Engineered to charge all connected devices at the fastest possible speed, the dock also elevates them for safety and visibility while they charge.

— Features —

-  With the Apple Watch charging module built into the dock, the Apple Watch aligns magnetically and begins charging instantly
-  The built in lightning connector let's you charge any iPhone or iPod even with a case on
