By installing the Elari SafeFamily app on their smartphones, parents will be able to:

- Customize the watch contact list
- Track the kid's location
- Set the geolocation update frequency
- Set the alarms remotely
- Listen to what's going on around the child through the remote audio monitoring function
- Set the allowed geo zones. Parents will be notified if the child leaves the safe geo zone
- Invite family members or authorized people to track the child's location and exchange voice messages
- Receive SOS notifications from the watch in case of emergency
