

SleepPhones® Wireless

SleepPhones® Wireless are traditional headphones. This model utilizes Bluetooth® technology to wirelessly connect with compatible devices so you never have to worry about getting tangled up in cords.

BENEFITS:

- Stream audio wirelessly via Bluetooth® technology
- Fall asleep faster, stay asleep longer and wake up refreshed
- Reduce ambient noise, conversations, traffic sounds and snoring
- Get a good night's sleep naturally, without medications
- Relieve stress and block out noise by listening to your favorite tunes, soothing meditation sounds, radio, sleep-enhancing rhythms, audiobooks or any other preferred music.

FEATURES:

- Easily pair/sync with smartphones, computers and most other Bluetooth® compatible devices
- Wireless range: 15-30' (5-10 m) for easy connectivity
- Rechargeable via micro-USB cable (included) with up to 13 hours of battery life
- Charging time: 3 hours
- Superior sound quality with eco-friendly, lead free electronics
- No uncomfortable earbuds or bulky ear enclosures
- Removable speakers in a hypoallergenic, machine washable fabric headband
- Manufacturer's warranty
