

Mini Wi-Fi Cam lc200w

The lc200w is a portable, lightweight, versatile and fun camera/camcorder designed for the selfie generation. Why risk your smartphone to damage when you can easily mount it almost anywhere using the strong magnetic back and Magic Sticker. Capture and share daily lifestyles and events. Specially designed for low intensity activity and general conditions, such as jogging, cycling...etc. With 8M resolution, the lc200w can process photos into a time lapse recording. And of course, the lc200w can record video in Full-HD 1080p resolution. The Wi-Fi capability allows live previewing and instantly sharing to your social media sites.

HP Magic Sticker

Forget about the antenna-like selfie stick, the stylish HP lc200w takes selfie to the next level. With its HP Magic Sticker, the HP lc200w allows you to take selfie with your friends and love ones from various creative angles by simply sticking the camera on virtually any clean surface. HP Magic Sticker is reusable by simply washing the sticker.

Wi-Fi Capability

The wireless feature of HP lc200w enables you to share your favorite moments with your friends and families on social media, and it also allows you to preview your subjects and to compose your breathtaking HD 1080p footages from your smartphone or tablet.

Download the free HP Pixi Cam app  to control, view and transfer content.

8M Time Lapse Recording

People are curious with the process of constructions, the life cycle of a flower or weather events. With the lc200w you can make a film that you have never tried before.

Long lasting Battery Life

The HP lc200w has amazing battery life. With nearly 3 hours of continuous 1080p recording, save your precious smartphone battery and let the lc200w capture the events. The battery is USB rechargeable similar to many smartphones and tablets in the market today.

120 degree Wide Angle lens

With its Ultra-wide angle lens, the HP lc200w enables you to include more details of the scene to be included in a
