

Boogie Board™

SYNC 9.7

SAY GOODBYE TO PAPER

The Boogie Board Sync 9.7 LCD eWriter takes electronic note-taking to a whole new level by offering the simple, pressure-sensitive handwriting experience of paper and pen - but better. Save hundreds of pages to memory, transfer files to a computer, tablet or smartphone, share messages with Evernote, or collaborate on the big screen instantly and wirelessly via Bluetooth. And that's just the tip of the iceberg.
