

PRODUCT DATA SHEET

Product Name: Heavy Duty Lock Alarm 0.7m

Product Code: 1411

Weight: 0.7 kg

Dimensions: 38 cm x 20 cm x 4.5 cm

Description

When you need to secure extremely valuable items or safeguard equipment in particularly vulnerable locations the Heavy Duty Lock Alarm is the solution. The Heavy Duty Lock Alarm features an ultra hard steel cable covered by armoured steel links to 18mm in diameter, which in turn is covered by a protective vinyl sleeve to prevent scratches to your possessions. In addition it also incorporates **a very loud siren that will deter even the most persistent of thieves and attract attention if the cable is cut or the lock is forced.** Ideal for securing bicycles, motorcycles, ATV's, garden machinery, construction equipment, trailers and boats etc. from theft.

Features

- 110 decibel siren helps deter thieves and attract attention
- Flashing LED deterrent
- Ultra hard steel cable covered by armoured steel links and protective sleeve (18mm diameter)
- 70cm long cable
- High security key and lock cylinder
- Award winning patented technology to detect when the cable is being cut or the lock is forced
- Weatherproof - suitable for indoor and outdoor use
- Requires 2 x AAA Alkaline batteries - fit inside a tamper proof compartment

Components

1 x Lock Alarm unit
2 x coded keys

Materials

High Tensile Steel
Polypropylene with glass fibre
Nylon
ABS
Mild Steel
PCB with electronics components
Zinc Alloy

Certifications: CE, RoHs and REACH

Technical Data

Operating Temperature: -20°C to + 55°C
Power Supply: 2 x AAA Alkaline batteries
Battery Life (standby): approximately 6 months with good quality Alkaline batteries
