

Ready when you are.

M Motorized Tilt Mount Large

Art No: 7 350 022 736 443

The M Motorized Tilt Mount is a tilt mount type motorized TV arm. It tilts your TV screen up to 15 degrees. This allows you to watch your TV in an optimal angle from your TV sofa.

As the M Motorized Tilt Mount optimizes your TV angle, it also makes the most out your living room setting and can create an optimal viewing angle for home or office

environments. Furthermore the possibility to a preset preferred tilt angle gets rid of your juggling with your remote control over and over again, getting your TV into the right position.

The M Motorized Tilt Mount also has a built in safety protection function that kicks in if something blocks its tilt movement, it automatically the goes to a full stop.
