DESCRIPTION

The i3E is an extremely compact flashlight with a maximum 120-lumen output (silver only, 90 lumens for all other colors), all running off of a single AAA battery. The i3E flashlight features a high-performance Philips LUXEON TX LED and a PMMA TIR lens that focuses the light to reach out up to 48 meters (silver only, 44 meters for all other colors). The versatile i3E fits easily into a pocket or bag, and can be connected to a keychain without adding significant bulk to your keys. Plus its slim smooth design won't wear on your clothing or purse. The i3E is the perfect choice for a small, bright, and affordable light to take with you anywhere. Available in several colors including Silver, Black, Blue, Purple, Green, and Red.
