SR MINI INTIMIDATOR UPC: 692654091801

MSRP: \$149.95

DESCRIPTION

The SR Mini Intimidator is a variable output LED flashlight that boasts an impressive 2800 lumens from three Cree XM-L2 LED. A highly diffused acrylic lens emits a smooth floodlight for soft area lighting. This type of illumination is ideal for close-up applications that require more than a small focused beam of light. Powered by 3x 18650 or 6x CR123A, the SR Mini offers three brightness levels, strobe and a momentary turbo mode for instant access to the brightest setting. Whether you need a bright wall of light for search and rescue, emergency household lighting or camping, reach for the SR Mini.

SR MINI Intimidator

VARIABLE-OUTPUT SIDE-SWITCH LED FLASHLIGHT

FEATURES

- Side switch cycles through three brightness levels, activates strobe and momentary turbo mode.
- From the off position, automatically return to your last brightness level with the built in memory function
- Waterproof up to 2 meters
- Aircraft-grade aluminum body with anti-scratch type III hard anodizing
- Stainless steel bezel provides protection from drops and prevents overheating by disabling the light from standing on its head
