POWER TO OUTLIVE YOUR ADVENTURE

SLXTREME CASE FOR IPAD 4TH GENERATION | SLXPAD04B

Lightning Connector™

SLXTREME

CASE FOR iPad 4TH GEN
with Lightning Connector™

The SLXtreme for iPad® offers the ultimate protection for your iPad, 4th Generation. Made to protect your iPad with a hard polycarbonate-ABS shell with inner shock absorbing panels, the SLXtreme is Mil Spec 810G to withstand drops from 2m/6ft. The SLXtreme is waterproof for underwater and splash-prone environments, and is IP-68 certified for depths up to 2m/6ft. An integrated 10,200 mAh battery keeps your iPad powered, and USB out enables you to charge other mobile devices while on-the-go. It comes VESA mount compatible, allowing you to secure your iPad just where you need it, always powered and always protected.
