

Specifically designed to fit perfectly in your cup holder, this Bluetooth®-enabled speaker fits just as neatly into your on-the-go lifestyle. Pop MobiCup into the cup holder on your baby's stroller, beach chair or car and listen to music or talk to friends without occupying your hands. Not only is it wireless, it also boasts crisp sound, a built-in mic and top-mounted controls so you can change the volume, take a call or play a track with the touch of a button. MobiCup is even splash-resistant, which makes it a great companion for your outdoor activities. Whether you're taking a road trip or lounging at the beach, MobiCup makes it easy for you to listen and talk wirelessly.
