

PRODUCT DATA SHEET

Product Name: Lock Alarm PortaSafe

Product Code: 5676

Weight: 2.7 kg

Dimensions: 38 cm x 33 cm x 24 cm

Description

The PortaSafe can be taken with you when travelling on business or vacation. Weighing just 2.7kg its clever compact design means it is small enough to easily carry yet large enough to securely store camcorders, cameras, laptop computers, jewelry, passports, cash and important documents. The PortaSafe has a unique patented construction, combining a tough and durable outer casing with a steel inner chassis to offer extremely high resistance to attack. An ultra hard steel cable enables you to anchor the safe to a fixed secure point to prevent unauthorised removal. What is more, the PortaSafe also features a **powerful 120 decibel alarm to deter thieves and attract attention if an attempt is made to cut the cable or the safe door is tampered with.**

Features

- 120 decibel siren helps deter thieves and attract attention
- Flashing LED deterrent
- Ultra hard 1 metre length steel cable (4mm diameter)
- Tough and durable outer casing with an inner steel mesh chassis offers high resistance to attack
- Award winning patented technology to detect when the cable is being cut or safe is forced open
- Foldaway handle for easy carrying
- Large to store a standard size laptop computer
- Requires 1 x 9v battery - battery fits inside a tamper proof compartment
- Internal dimensions: 32 cm x 28 cm x 20 cm

Components

1 x Lock Alarm Safe
2 x coded keys

Materials

High Tensile Steel
Polypropylene with glass fibre
Nylon
ABS
Mild Steel
PCB with electronics components

Certifications: CE, RoHs and REACH

Technical Data

Operating Temperature: -20°C to + 55°C

Power Supply: 1 x 9v Alkaline battery

Battery Life (standby): approximately 6 months with good quality Alkaline battery
