★★★★☆ 5/6 AFTENPOSTEN

The perfect travelling companion

Light enough to carry in your rucksack and robust enough to take out into the courtyard. Once you've washed the car and the lawn is freshly mowed you just move Pinell GO to the sunny wall and enjoy your tea break with the sound of your favourite programme.

The new Pinell GO has been designed with everyday moments in mind. It's easy to use, plays for more than 24 hours in one go and has the best sound in its class.

... and it's not just us

Cool radio cube
"Pinell GO is the best small portable radio yet."

★★★★★ 6/6
Vi Menn
28 - 2013

Cracking portable radio
"an obvious little guest at summer picnics and on trips to the beach as well as in the bathroom or office"

A huge Norwegian success
"You don't need many radios, you just need one which works. And it should work for a long time. Meet the Pinell GO."

Mobizmag
8/7 - 2013

Looooong battery life
"We never had to charge the radio during our test period. Quite simply impressive!"

★★★★★ 6/6

5/6 - 2013

Phenomenal portable radio
"Norway's Pinell has developed a portable radio which has spellbound us with good sound, good design, real user-friendliness, good reception and long battery life."

I love it
"In short, then - it's lovely to see a premium DAB+/FM radio with genuinely good design. At last. If you want the best, you'll probably want one of these."

Pinell GO

Use the line in to connect to other audio sources.

DAB, DAB+ and FM RDS radio

Built-in rechargeable battery

Robust construction

Audio input

Headphone output

3 international power plugs

Choose between 4 colours:

DEEP SEA GREEN

FIERY RED

CARBON BLACK

FROSTY WHITE

DAB+

Future-orientated
Pinell GO receives DAB,
DAB+ and FM radio.

Why DAB?

DAB (Digital Audio Broadcasting) has crackle-free sound and space for more stations than the FM network.

Roll-out

DAB is currently being rolled out in a number of countries in Europe, Asia and Africa, and in Australia.
